PRODUCT RESEARCH SKILL

ANALYZATION SKILL

This skill is applicable to Keepa graphs and competition analysis. This will help my clients to minimize the potential risks.

Research Skill

I have different techniques in product research. Manual, reverse, and storefront stalking. This will help me and my client find profitable items.

ABOUT ME

I am an experienced Amazon VA Product researcher. I am a self-employed contractor who you can hire remotely to assist my clients finding profitable products in their Amazon store. So you can focus on big-picture operations.
